A. Measure the circumference of the forehead with a tape measure.

You must make sure the tape measure is tight against the head.

B. Measure the full length of the face around the top of the head and under the chin.

You must make sure the tape measure is tight around the face.

C. Measure around the neck.

You must make sure the tape measure is tight against the neck.

This hood size chart is to act as a guide.

We recommend that you try on the hood to ensure a good fit.
