Specification

Pole material: Fibreglass

Pole bayonet fitting and buoy pole material: Aluminium

Clamps material: Reinforced resin

Attachments material: 316 stainless steel

Rubber base

Supplied with quick-release buoy attachment (buoy sold separately), grapple hook and shepherd's crook – all user changeable.

Important: To extend each pole section

Lift the rubber clamp, pull the pole section until it stops, retract the section by five inches and re-clamp.

Store the reach pole with each section retracted and clamped.

To fit attachments

Squeeze in press studs on the pole's bayonet fitting, fit attachment clamp over top and lock in place through the holes in the attachment clamp.

If using Northern Diver buoy

Fit the buoy's pole into the buoy first, and inflate to no more than 10 psi.

Fit the buoy and pole to the reach pole bayonet fitting before fitting an attachment.

General care

Please periodically tighten up the nut and bolt on each clamp.

If the pole becomes soiled, wash with clean water and dry with a cloth or similar.
